What is the GTAV?

The Geography Teachers' Association of Victoria Inc. is:

- a membership organisation committed to the professional development of teachers, academics, students and others interested in geographical education
- a progressive, up-to-date association of national and international standing
- affiliated with the Australian Geography Teachers' Association (AGTA)

Mission Statement

Geography offers all students the opportunity to:

- experience a unique perspective of environments, peoples and their interaction
- develop knowledge, skills and values that enable them to explore and understand the world.

The GTAV is committed to excellence in geographical education in Victoria. This is achieved by:

- providing leadership in geographical education
- promoting the value and place of geography teaching and learning
- fostering participation of, and collaboration between students, teachers and the wider community
- providing quality services and support
- offers members the opportunity to be involved in various sub-committees, including Curriculum, Professional Learning, *Interaction*, Membership & Marketing, Annual Conference, Study Tour, Geography Issues Group, GIS Steering Group and Information Technology.

The GTAV provides

Support and Consultancy

Access to advice and referral services provided by the Education Officer for the implementation of the VCE and VELS curricula, and resources available for the teaching and promotion of Geography. The Education Officer can also refer members to Geography Networks within their region.

Journals

Four issues of *Interaction* journal and four issues of GTAV News are published and sent to members annually, providing information on the latest developments in geographical education.

Professional Learning

An extensive program is offered with seminars, conferences and student lectures. Our Education Officer can also provide sessions tailored to your school's needs.

Global Education Project

This program is funded by AusAID, the Australian Agency for International Development, to promote greater awareness of global development issues to teachers. The Project offers professional learning in global issues and teaching strategies to the pre-service area, primary and secondary teachers across all domains and all educational sectors. Project staff are able to conduct FREE professional learning sessions for teachers and are available to all GTAV members.

www.globaleducation.edna.edu.au

Curriculum

Dissemination of information on curriculum developments in Geography for primary and secondary schools, student lectures and extension activities.

Resources

Quality curriculum resources are developed by the GTAV and are available to members at reduced rates, as well as access to units of work and course outlines.

Orbis Library

Access to a collection of over 6000 items, including journals, for the use of all members.

Representation and Advocacy

Active involvement in major educational issues affecting schools through representation on statewide education/curriculum committees and at national forums

Website

The GTAV website now offers a Members Only section. To access this section members will be provided with a login and password. The Members Only section has access to current and past issues of *Interaction* and classroom-ready resources as downloadable files. Non-members will still have access to the website which lists all of our services and resources, plus a calendar of the professional learning program for the year. The website provides access to geographical links and information about all events organized by the GTAV.
