ISBN: 978-1-876703-17-2

Murray-Darling Basin

New content includes:

- updated text to cover the current water situation of the MDB
- a case study of water use and management in the Goulburn Valley and the Food Modernisation Project (North-South Pipeline)
- updates on management policies and strategies in the basin (new management structure, buy back schemes)
- a case study on the state of the Coorong and Lower Lakes.

Human Population

New content includes:

- updated and extended data and information
- new case studies, particularly Japan and Brazil
- global perspectives on ageing, growth and HIV/AIDS
- excellent range of population structure diagrams and interpretation
