The aim of this full day professional learning activity is for participants to develop learning activities that incorporate the use of GIS. The main focus is on developing practical examples for VELS levels 5 & 6 that participants can use with their students. The professional learning will enable participants to

- **Gain an introductory understanding of GIS software**
- **File management**
- **Introduction to using main tools**
- **Symbolization and thematic mapping**
- **Preparing to print layouts**

Session will be run by Pat Beeson and will focus on a livability case which is being developed by the GTAV spatial technologies group.

Cost to members: \$100 (includes GST)

Cost to non members: \$150 (includes GST)

Registration closes Friday 18th June 2010.
