Applied GIS – Beginners level

This registration form is also available on the GTAV website www.gtav.asn.au

Tuesday 22 June 2010 9.00am - 3.30pm

**Monash University (Clayton Campus - Melways Ref. Map 70, F 10),
Building to be confirmed**

There are 12 places available

The aim of this full day professional learning activity is for participants to develop learning activities that incorporate the use GIS. The main focus is on developing practical examples for VELS levels 5 and 6 that participants can use with their students. The professional learning will enable participants to

- gain an introductory understanding of GIS software
- File management
- Introduction using main tools
- Symbolization and thematic mapping
- Preparing to print layouts

Session will be run by Pat Beeson and will focus on a livability case study which is being developed by the GTAV spatial technologies group.

*This professional learning opportunity will contribute to satisfying the **Standards of Professional Practice** and you are accessing knowledge and experience from outside your immediate work environment. During the day there will be opportunities to draw on aspects to satisfy the following standards.*

Professional Knowledge		Professional Practice			Professional Engagement	
Teachers know how students learn and how to teach them effectively	Teachers know the content they teach	Teachers plan and assess for effective learning	Teachers create and maintain safe and challenging work environment	Teachers use a range of teaching practices and resources to engage students in effective learning	Teachers reflect on, evaluate and improve their professional knowledge and practice	Teachers are active members of their profession
