

VCE GEOGRAPHY HOLIDAY HOMEWORK

Task:

You will be given **one** of the following topics related to the Murray-Darling Basin and will be required to produce an A4 handout for the entire class. Your handout must clearly identify each of the specified areas listed below.

You will also be required to hold a **2-3 minute presentation** to the class discussing your research and information provided in the handout.

You will need to provide copies of the handout for all class members and one spare copy for your teacher.

Topics:

- Cotton
- Fruits
- Fish Type
- Fish-ways
- Wetlands
- Irrigation Methods
- Water Trading
- Wineries
- Salinity Management Programs
- Livestock (Pasture)

What information to include in your handout:

- Classification of the resource
- A location and distribution map
- Economic (dollar) Returns
- **Water** Usage
- Conflicts (implications) / Threats
- Management Techniques
- Explain all **Spatial Concepts** linked to this topic (give examples)
e.g. there is a strong spatial association between fruit trees and irrigated land.

N.B. *Your research needs to be thorough and meet all set requirements. All handouts will be shared and will form another resource of information for all students. Good luck ☺*
